

Hot Lunch Program

Dear Parents,

Welcome to the 2021-2022 school year at NorthPointe Christian Schools. We look forward to the year ahead to serve your kids lunch.

We have a lunch program called Meal Magic, and this program works like a bank account for each child. You put money into your child/children's accounts and when they buy lunch, the money comes out of their account. Your child/children will be given a number that is used at the school, and they will have the same number throughout their middle school and high school years.

You can monitor your child's lunch activity after they have bought their first lunch by going to this site: www.mealmagic.cloud/mylunchaccount . We encourage you to monitor their accounts by using this link. You can only view their activity after they have used their lunch accounts.

You can make a deposit as often as you would like in the office at school, and we are asking that all deposits be made with a check. This will enable us to search for the check number if there are any problems. You need to have the money into the front office or middle school by 9am for it to be deposited that day. Simply fill out the deposit slip with the name of your child/children, and the amounts you want in each of their accounts. You may write one check for all of your children that are in the middle and high school.

***We cannot do this lunch program without your help!** We would love to have you help by serving the food to the kids. The lunches are normally 20 minutes for Middle School and 20 minutes for High School. If you work and can only be here for a short time, we would love to have you come. This is a great way to get other parents and to get to know some of the kids that your child/children spend their days with. Just fill out the volunteer form attached, and send it in, or call me and I will put you on the schedule.*

Sincerely,

Gwen Molda
